their post in Portlaoise. On the proposal of Councillor Tom Jacob seconded by Councillor Brian Stanley it was unanimously agreed to grant permission to the Laois Veterans Association to use of the Laois County Council crest on a flag for the post in Portlaoise.

## 201. CORRESPONDENCE

There was no correspondence for noting.

## 202. NOTICE OF MOTIONS

### Notice of Motion No: 43/05

Councillor James Daly proposed the following Notice of Motion

***"That Laois County Council clarify their policy with regard to building relief roads around town centres and then granting planning permission for developers to construct roundabouts and traffic lights on these same roads to facilitate developments. This in turn leads to traffic congestion on the outer roads which were originally built for the purpose of relieving congestion"***

This motion was seconded by Councillor Michael Rice.

The members were advised that the key roles of relief roads are as follows:-

- (i) to ensure varying amounts of traffic can be accommodated at any one time
- (ii) to alleviate traffic congestion from the main routes and roadways
- (iii) to act as support infrastructure in order to strengthen and support the existing network

It is the Council policy to protect the carrying capacity of these roads while at the same time facilitating development. This policy may be reviewed in the course of the Graiguecullen Local Area Plan.

### Notice of Motion No: 44/05

Councillors Bill Delaney, John Joe Fennelly, Brendan Phelan, Ray Cribbin, Michael Rice, Dick Miller, Catherine Fitzgerald, Jerry Lodge, Michael Moloney, Seamus McDonald & Paddy Bracken

***"That this Council reaffirms it's well known policy in relation to Waste Management in that no refuse from outside the County of Laois is to be taken at Kyletelisha"***

This motion was seconded by Councillor Patrick Bracken. The Members were then read the following response that had been prepared in reply to the motion.

"It is an objective of Laois County Council that Kyletelisha Landfill is primarily available for the disposal of waste from County Laois. However, the opening of a number of private landfills in recent years has led to a substantial change in the traditional patterns of waste disposal.

These landfills are now competing for waste, which up to recently was only being disposed of in local authority landfills.

Private sector waste collectors are prepared to move waste across counties and regions in order to obtain the best value for money available.

These trends were recognised in the Government Policy document 'Taking Stock and Moving Forward' issued in 2004. This document called for flexibility in relation to the movement of waste between regions, while recognising that facilities provided in a region should deal primarily with waste from that region.

This approach was repeated in a direction issued by the Minister for the Environment on 3<sup>rd</sup> May 2005 to local authorities under Section 60 of the Waste Management Act, 1996 (as amended). The Minister directed that a more flexible approach be adopted by local authorities towards the movement of waste in preparing waste management plans and in carrying out their other waste management functions.

The new Waste Management Plan for the Midlands Region has taken account of the Ministers direction by the inclusion of the following policy objective:-

"The proximity principle should be taken into account, however, it is recognized that there should be flexibility with respect to the movement of waste across regional boundaries and within the region. The capacity of waste facilities in the Region should as far as possible satisfy the needs of the Region whilst allowing some element of flexibility for movement of waste into and out of the Region in line with the policy direction issued by the Minister in May 2005 under Section 60 of the Waste Management Act, 1996 (as amended)"

In relation to Kyletelisha landfill, the intake of all waste is monitored to ensure that it complies fully with the conditions of the licence received from the Environmental Protection Agency.

It should also be noted that there are serious financial implications for the Council arising from this issue."

Mr. John Daly, Director of Services responded to various questions that were posed by Members.

Councillor Martin Phelan proposed that a deputation visit the Minister in this regard. This motion was seconded by Councillor Tom Jacob

**Notice of Motion No. 45/05**

Councillor Jerry Lodge proposed the following Notice of Motion:-

***"That this Council requests that the Director of the BMW Region would attend our next meeting to account for the low level of regional spending in Laois"***

This motion was seconded by Councillor Mary Sweeney. It was agreed that a letter issue to the BMW Regional Director in this regard.

**Notice of Motion No: 46/06**

Councillor Catherine Fitzgerald proposed that following Notice of Motion:-

**"That this Council provide emergency accommodation for victims of domestic violence"**

This motion was seconded by Councillor Mary Sweeney. The Members were advised that the County Laois Homeless Forum has identified victims of domestic violence as a specific category of homeless. The services and facilities required to deal with homelessness in Laois include the provision of emergency accommodation and each case is dealt with on it's own merits.

Some Members expressed concern in relation to this issue. Mr. Declan Byrne, Director of Services indicated that he would investigate the options early in 2006 and that he would be bringing the matter to the attention of the Housing SPC.

This concluded the business of the meeting.
